

City Board Votes \$2,000 For Recreation Program

Hazard's recreation program got off the ground, Monday night, when city commissioners approved a \$2,000 budget requested by the recreation commission.

The money is in addition to \$1,000 budgeted by the Hazard Board of Education for recreation.

The board on a motion by Commissioner George Feltner, seconded by Commissioner Calloway Colwell, authorized City Manager Hobert Wooten to borrow the money if necessary.

The money was requested during Monday night's meeting by William D. Gorman, chairman of the recreation commission.

In Other Business:

1. Commissioners ordered Police Chief Bob Heath and Patrolman Jesse Feltner to meet with the city manager to settle differences between the two policemen over a change in working hours.

2. Turned down a motion by Commissioner Feltner to enforce the 9 p.m. curfew. The motion died for lack of a second.

3. Approved a month long clean-up proclamation and campaign, starting Apr. 14 (See story elsewhere).

Feltner who noted:

"He (the patrolman) has never been changed or fooled with till he got the city to fix his fence."

The commissioner implied that Heath and City Manager Hobert Wooten may have assigned the patrolman to another shift because of the fence incident.

Wooten replied that the assignment was a departmental affair between the chief and the patrolman, noting that the assignment had never been brought to his attention by Feltner.

Board members split on the question of whether the police man had the right to come before the board with his question.

Commissioner Calloway Colwell and Mayor Douglas Combs contended the incident was not a subject for board action and that the patrolman was "out of order" in not first taking it up with the City Manager.

In debate on the license sticker, Feltner said county residents are not coming to town because of the sticker. He charged that there were approximately 315 city residents in 1957,

551 in 1956 and 675 in 1955 who did not have a license.

In other business, the Board approved a motion to modify drainage project for the city school, accepted police fines of \$2,776 for the city, and approved payment of 30 percent to the City Police.

City Manager Hobert Wooten reported that all deeds for a sidewalk up Davis street have been signed and work will start when weather permits.

The board postponed action on a request for a pledge of money to the County Board of Health.

4. Turned down a motion by Commissioner Feltner to not levy the \$5 city automotive license sticker on county residents who work in the city. Motion died for lack of second.

5. Approved, 2-1, with Commissioner Feltner against, a motion to rigidly enforce the city ordinance requiring that the sticker be displayed on the front of the window.

Stronger Lighting Approved

City fathers also approved strong lighting for city streets

after City Manager Hobert Wooten reported that the additional cost to the city would be \$29.40 per month.

Wooten said: "The strong lights will be a start towards better lighting for the community."

The ruckus over the working shifts of Patrolman Jesse Feltner cropped up when Feltner appeared before the commission and asked if he was assigned from the evening shift to the late shift get him to quite the police force.

Chief Heath told the commission:

"As far as jobs, I didn't have any consideration for outside jobs. I made this change for the best of the police shift, and thought Jesse would have more daylight hours."

A patrolman, Feltner also works part-time for a local firm during his off hours.

Approximately \$25,000 is needed locally, Raleigh Johnson, health administrator, told the board. An additional \$25,000 will be put up by the State and \$50,000 by the Federal government for the building.

Red Cross Meeting

A chapter meeting of the American Red Cross will be held at the Kentucky Power Co. tonight at 7 p.m.

All persons interested are urged to attend. Discussion will include the forthcoming Red Cross fund drive here. The public was this week reminded that the Red Cross last year spent over \$400,000 here during the flood disaster to aid victims.

Cake Contest To Be Feature Of Home Show

Professional entertainment and a cake-bake contest for amateur cooks with an electric range as the grand prize are two features of the 5th Annual Home Show to be held here May 2-3 at Memorial Gym.

Details of the two-day event were announced here yesterday by C. A. Zoellers.

Zoellers announced an amateur show is planned for Friday night and a professional troupe will appear here Saturday night. Details of the two programs will be announced later.

The cake-baking contest will be open to all men, women and children with the exception of professional cooks.

Contestants will submit a chocolate cake to judges at the gym on Friday. From the entries, the judges will pick ten finalists who will bake a cake at the gym Saturday afternoon.

With the prize-winning cake, to be announced Saturday night, will go the electric range. The other nine finalists will also receive prizes, Zoellers said.

Cakes submitted in the contest become the property of the Home Show and will be auctioned off Saturday night with proceeds going to the Little League and Babe Ruth League baseball programs.

Another feature event will be "specials" to be offered by the sponsors of the show. The specials, Zoellers said, will be sold at the gym only.

Dealers participating in the home show this year will be Corlette's TV Center, Perry County Farm Center, E. W. Hacker Plumbing and Heating, Dawahare's Store, Royal Crown, Kentucky Power Co., Sterling Hardware Co., Hermon Maggard's Store, Hazard Furniture, Home Lumber Co. and Rolane Gas Co.

Rev. Carroll Elected Club President

E. Tipton Carroll, pastor of the First Christian Church, was Wednesday elected president of the Hazard Rotary Club.

Other officers elected were J. C. Eversole Jr., vice-president, Father Anthony Kraft, secretary, Hugh Shawhan, treasurer and Joe Hacker and Calloway Colwell, directors.

Principal speaker for the club's luncheon meeting was Hobert Wooten, Hazard city manager.

Board Could Have Gotten \$1,000 For Land Sold Here

The Perry County School board sold property in January for \$100 for which other people were willing to pay as high as \$1,050, County Attorney C. A. Noble told the Perry Fiscal Court, Tuesday.

Noble's report was made during a lull in court proceedings and was the result of an investigation requested in February by the court.

Noble told the court, Tuesday, that his investigation revealed that a tract of land sold by the school board to Mr. and Mrs. Charles Deaton, Chavies, could have brought as high as \$1,050.

The land, approximately 80x160 feet and the site of a two-room abandoned frame school building, was sold by the County Board of Education at its January meeting. There is a well on the land; Mr. Deaton is a county school teacher.

The county attorney said he had sworn affidavits from five persons willing to pay

\$500 or more for the land. Three of the affiants are willing to buy the land now if the deed is set aside. He did not reveal the names of the affiants.

Noble said, however, that the Fiscal Court itself cannot sue to have the deed revoked. Only individual members as private citizens, or other private citizens, he continued, can bring suit.

The land transaction was approved by the county school board at its January meeting with all but one member, Estill Napier, in favor.

The sale came to the attention of the court on Feb. 4 when Magistrate Gene Combs requested the investigation. Combs' motion passed unanimously.

Following the February court meeting, Deputy Sheriff Paul Fugate revealed that a Simpson Duff had offered Perry County School Superintendent Gilbert Bowling and Board Members Paul Campbell \$200 for the land.

Fugate said he too had been interested in bidding on the property.

Bulb Sale Opens: Seals Over \$800

Sale of light bulbs with the profits going to aid Crippled Children will begin this weekend, J. C. Eversole, local Easter Seal chairman, announced today.

Eversole said teams of Rotarians will begin the door to door solicitation of homes and businesses, and urged the public to "turn on the light of happiness" for the crippled children of Perry County.

Easter Seal contributions in Perry County total \$821.39, according to Eversole.

The mail campaign officially closed April 6, Easter Sunday, but late mail contributions which are still coming in are expected to increase the total, Eversole said.

O. L. McElroy, Eminence, state Easter Seal chairman, reported that the 1958 drive is lagging behind 1957 donations. He urged Kentuckians in all areas of the state to continue their financial support of this worthy cause by their contributions to their local chairman.

The once-year-campaign on behalf of the Kentucky Society for Crippled Children—the Easter Seal Society—finances help to crippled children in each county in the state. Last year 3,066 children received direct aid and an additional 6,944 persons received indirect services in cooperation with the Kentucky Crippled Children Commission and the State Department of Education.

Two Road Projects Awarded On Bids

Two road projects have been let, Perry County Judge J. A. Smith announced this week.

Low bidder on the Maces Creek road was the Winston Ford Co., with a bid of \$116,000; on the Buckhorn-Chavies road, Wood and Bush, \$798,000.

CIRCULATION OVER 3,000

Magistrates Vote Selves Salary of \$200

Perry County magistrates voted themselves a salary of \$200 a month after hearing County Judge J. A. Smith advise them, Tuesday, that it would "work a handicap on the county."

The 7-1 vote with Magistrate Estill Poilard against the motion came during a 4 1/2 hour session of the Fiscal Court.

In other action, the court:

1. hired Bill Wooten, Dwarf, as county treasurer at a salary of \$75 a month in a secret ballot;

2. approved a motion to amend the budget to provide for magistrates' salaries;

3. approved a motion eliminating the per diem of \$15 a meeting for magistrates;

4. went on record to require county officials to file settlements;

5. accepted the settlement of County Court Clerk Jessie Horn;

6. accepted the sheriff's report of former County Sheriff William Cornett;

7. requested the county judge and county attorney to negotiate a loan not to exceed \$50,000 for the county.

The motion for the \$200 a month salary came from Burman Thomas and was seconded by Babe Noplis.

Maximum Under Law

The amount is the maximum which can be paid under a new Kentucky law which replaces the out-lawed fee system for county magistrates. Under the new law, magistrates may try traffic violations but must turn all fees and fines over to the county treasury.

With 8 magistrates in the county, \$19,200 will be added to the yearly payroll.

See MAGISTRATES, P-7

Judge Asks C.D. To Explain Offer

Perry County Judge J. A. Smith has requested the Federal Office of Civil Defense to explain why Perry County's flood disaster claim has been pared down over \$68,000.

Judge Smith, during Tuesday's Fiscal Court meeting, revealed the Office of Civil Defense on Apr. 1 offered \$23,669.75 as final and full payment on the county's flood disaster funds. The county is claiming \$91,894.33.

Judge Smith told members of the court the offer was made here last week by Colonel Leon J. Reed, Mobile Group Coordinator, Office of Civil Defense, Louisville.

In a letter to the Office of Civil Defense, Judge Smith pointed out:

"We are unable to reconcile the difference between our claim and the amount you have offered to reimburse use as final payment of our claim. If you have any objection or exceptions to the claims submitted by our County authorities, we should be advised immediately as to what they are."

Federal Aid

The flood disaster funds were federal grants made to the county immediately following the Jan. 28 flood last year.

Under an agreement with the Office of Civil Defense then, the county was to have the work done, pay all bills, and then submit vouchers to the government for repayment.

County Borrowed \$47,000

The county, had to borrow \$40,000 from the First National Bank and Trust Co., Lexington, and \$7,000 from the Bank of Jackson, Breathitt County, to meet obligation caused by the flood. The two debts are still outstanding and were to have been paid from the \$91,000 claim.

Judge Smith told the court, Tuesday, that the county cannot afford to accept the government's offer.

He said: "We haven't been able to pay March salaries and I don't see much chance of paying many things for months ahead unless we get this money."

Yesterday, the Herald contacted Civil Defense officials in Louisville, Oney, Md., and the national office in Battle Creek, Mich., for some explanation of the offer.

An official in the national of-

fice said that he "imagined" the \$68,000 difference in the government's offer and the county's claim resulted from the county "spending money outside the criteria established under law" for the use of disaster funds.

He did not explain what criteria has been set up by the Federal government.

Engineers Approve Work

One local county official yesterday said that all of the work

had been approved by federal engineers from the Office of Civil Defense, and the county had been led to believe it would be reimbursed in full on its disaster claims.

Perry County is the only governmental unit in Eastern Kentucky which has not been repaid. The city of Hazard received final payment on its claim in January; all other counties and cities have also been repaid.

Meeting Planned For Clean-Up

City residents interested in a "cleaner Hazard" will meet at City Hall, Friday, Apr. 11, at 7 p.m. to organize a month-long clean-up campaign.

The "clean-up, paint-up and fix-up" drive will open Apr. 15.

Tentative plans were announced for the drive during Monday's Board of Commissioner meeting by City Manager Hobert Wooten.

Wooten said he hopes the clean-up campaign this year will be the "best ever."

He said:

"We need to clean this city from head to toe. Instead of a one-week campaign, we're going to hold this one for a month and get the debris, dirt, litter and junk out of Hazard."

Street Flusher Bought

He said a street "flusher" has been purchased by the city to keep streets cleaner.

Wooten said that appropriate advertising literature has been obtained for this campaign, and that 12 litter baskets donated by local merchants are to be permanently located on Main Street.

The city manager credited the Perry County Garden Club and the Hazard Business and Professional Women's Club for much of the "preliminary work" for this year's drive. Members of the H.B.P.W. club obtained sponsors for the litter baskets.

The city manager said both city trucks are ready to pick up trash and haul it to the garbage dump. He has asked contributions of trucks and drivers to supplement to city force during the clean-up drive.

Contribute Litter Baskets

Contributors of the litter baskets are Sterling Hardware Co., Citizens Bank, Peoples Bank, Corlette's TV Center, Hazard Coca Cola Bottling Works, Hazard Board of Education, Hazard Finance Co., Hazard Television Co., Virginia Amusement Co., Hazard Drug Co., Watson's Store and Will's Ready to Wear.

Eastern Vs. Central Standard Time

Which do you favor? Eastern or Central Standard Time. The Herald is interesting in knowing the answer to this question. Fill in the following form and mail to the Hazard Herald, Post Office Box 700. Do this now—don't wait.

I live in the city _____ or county _____ (check one)

I prefer being on Eastern Standard Time _____

I prefer remaining on Central Standard Time _____ (check one)

B.P.W.C. Entry Takes Third In Contest

The Hazard Business and Professional Women's Club has been awarded a check of \$300 for taking third place in the Kentucky Chamber of Commerce Community Development scrapbook contest.

The check and a plaque were presented to Miss Leyburn Cody, club president, by the General Electric Company during an awards luncheon held in Louisville, Tuesday.

Taking first place was the scrapbook submitted by London, second was Paintsville, fourth, Glasgow, and fifth Henderson. Fifty cities entered the event.

The \$400 won by the club will be donated to some civic improvement project which has been started within the past year, it was announced today.

In making the award, the following comment was made by

NEWSLETTER OF CONGRESSMAN CARL D. PERKINS

Congressman Reviews Current Legislation

In these critical times, major flood control and navigation and navigation projects become important both from the long range improvement value and the short range relief of unemployment.

The House Committee on Public Works, on June 29, 1953, adopted its resolution which is the present authority for the survey due to be completed on the Kentucky River on June 30, 1953. The study is being made to determine the advisability of constructing projects for flood control on the Kentucky River and its tributaries.

Buckhorn Reservoir and Cumberland River:

The Congress will appropriate at least \$4,500,000 for the continuation of construction on the Buckhorn Reservoir for the next fiscal year. In a communication addressed to me, dated 26 August 1957, signed by Brig. Gen. J. L. Person, Assistant Chief of Engineers for Civil Works of the U.S. Army, in

response to my letter of August 13, 1957 requesting the amount of funds that could be economically used during the fiscal year 1959, General Person stated: "Buckhorn Reservoir, Kentucky—\$4,600,000." In my appearance before the Budget Bureau on October 8, 1957, I requested that \$4,600,000 be placed in the budget for Buckhorn Reservoir. In a memorandum dated October 8, 1957 to Honorable Percival F. Brundage, Director of the Bureau of the Budget, I stated: "The Buckhorn Reservoir, on the middle fork of the Kentucky River is one of the more important flood control projects now under construction. The flood damage in January of 1957 in the Upper Kentucky River Valley was approximately \$40 million. While the Buckhorn Reservoir would not have prevented all this damage, it would most certainly have made a substantial reduction. The construction schedule on this project requires \$4,600,000 during the 1959 fiscal year. Failure to provide this amount would probably result in a year's delay in the completion of the reservoir, during which time the communities below this dam would face the danger of another disastrous flood. It is a must that the amount of \$4,600,000 be provided for construction work on this dam during the fiscal year." Thereafter the revised budget allowance for Buckhorn, made public on March 14, 1958, was \$4,500,000.

I also requested funds to complete the survey of the Cumberland River which is due to be completed on or before June 30, 1959. The Congress will make available necessary funds to complete the Cumberland River survey.

Community Facilities Legislation
For several years many members, including myself, have urged the Congress to pass legislation making available grants and loans for community facilities. My bill would set up local industrial committees to work

with a National Depressed Areas Administration to plan for building new plants and for attracting new industries into the area. The Federal Government would then lend up to 2/3 of the cost of construction of the new industrial facilities. The bill would also authorize the depressed areas agency to make grants for construction of local flood control projects and repair secondary roads and provide grants for other public facilities if local authorities certify the projects. Along with this proposal, we have tried to provide better communication facilities for our area. The rural telephone legislation we passed in 1949 has been of considerable benefit.

Social Security, Railway Retirement and Unemployment Compensation: At the same time, action should be taken to restore the purchasing power of disabled veterans and our older workers who are now retired, including the railroad retirement program, social security and government workers. The purchasing power of this group of retired workers is being reduced each month as the cost of living continues upward. At the same time, some action must be taken to provide for realistic payment of disability benefits under the 1956 amendments to the Social Security Act. For the first six months of this current fiscal year, the social security trust fund received \$381 million earmarked as the disability trust fund. During that period, less than \$50 million was paid out to disabled workers. Congress never intended for this fund to be increased at a rate of 8 times the amount paid out each year. The chances are that amendments to the Social Security Act will be passed. I am hopeful that an amendment increasing benefits and lowering the retirement age will be considered by the Congress. Railway retirement benefits, in all probability, will be increased. An effort will be made to improve the unemployment compensation law. There is strong support for the proposal to extend the maximum duration to 39 weeks and to expand our public assistance programs.

Pay Television: Several 7th District residents have expressed their opinion opposing pay television, and I agree with them. I do not favor pay television.

I will appreciate any advice or suggestions you may care to offer.

Read your county paper and keep well informed.

Scholarships Increased By Dept.

The State Highway Department is launching an enlarged program for granting civil-engineering scholarships at the University of Kentucky.

The department announced it will offer 30 student-employee scholarships to freshmen entering the Kentucky College of Engineering at the beginning of the 1958-59 school year, about doubling the number granted in recent years.

The new program is designed to help alleviate the shortage of engineering personnel in the department during coming years of the State's expanded highway-improvement program.

Active in helping formulate the new plan was Dr. D. V. Terrell, retired dean of the engineering college and now departmental consultant in engineer recruitment and training. The present scholarship program, now in its 10th year, had been started largely through efforts of Terrell and Dwight H. Bray, chief state highway engineer.

The department said pay rates for the Kentucky high school graduates qualifying for scholarships will be higher, but the students will be required to maintain certain scholastic and work standards or be dropped from the program.

Those making satisfactory progress in the freshman year may be continued during the sophomore year. The student-employees will work part-time during the school year at the Highway Research Laboratory in the U.K. Campus and for the department during summer vacation.

Each freshman scholarship recipient must agree to work for the department a year while each student receiving the scholarship his sophomore year must agree to work for the department a total of two years.

Mountain Laurel Festival Honors Early Settler

The Mountain Laurel Festival at Pine Mountain State Park May 22-25 is a renewal of the annual event honoring Dr. Thomas Walker, the first white man to enter Kentucky through Cumberland Gap.

The festival was first presented in 1931 at the suggestion of Mrs. Annie Walker Burns, genealogist and author.

Dr. Walker entered Kentucky for the first time in the spring of 1750 and made his camp at a spot just a few yards from Laurel Cove, the natural amphitheater in the park, which is the scene of the festival. The park is near Pineville.

The festival is always presented in late May when laurel-covered mountainsides burst into full bloom. Kentucky's colleges and universities send their fairest girls to compete for the laurel crown.

THE HAZARD HERALD, HAZARD, KENTUCKY

Building Dips 68%, Dodge Notes

Total future construction contracts for the month of February in Kentucky amounted to \$16,212,000, a decrease of 68 percent compared to February 1957, J. L. Mann, of F. W. Dodge Corporation, reported today.

According to Dodge figures, a breakdown of contracts by the major building categories in February, compared to the like month of 1957, showed: non-residential at \$6,625,000, 28 percent below 1957; residential at

\$7,644,000, down markedly from 1957; and heavy engineering at \$1,943,000, 67 percent below 1957.

Building contracts for the first two months of 1958, contrasted with the similar 1957 period showed: non-residential at \$14,917,000, down 31 percent; residential at \$15,293,000, down 65 percent; heavy engineering at \$3,879,000, down 67 percent; and total building at \$34,089,000, down 56 percent.

Knott County Sheriff's Report

An 8 BB1 still was cut last week on Bate. Branch of Beaver Creek by Sheriff Carlos Huff Deputies, Jr. Smith, Denver Castle, Kelly and Lawson Jacobs. State troopers, Jerry Combs, Delmer Lafferty and State Detective Ed Combs, and two federal marshalls. They confiscated 3½ gallons of moonshine. Three men were arrested and placed in the Pikeville jail. Sheriff Huff reports this is the 7th still destroyed in Knott County since he took oath Jan. 1st and 18 raids have been made against bootlegging.

Knott Co. To Have New Health Center

The drive, for funds, for a New Health Center in Knott County is drawing to a close and we are making a final appeal to "ALL" who have not contributed, to do so before the first of May. The drive has been in progress for nearly a year now and we feel that it is time to close it and take further action toward securing outside funds (State and Federal).

We would like for every citizen in Knott County to have at least one dollar's (\$1.00) worth of brick, blocks, or mortar in the building, so that each person can say they had a part in building the Center. Let the children give a dime or a quarter so they too, will appreciate the building more.

We now have on hand \$1829.90 but our present goal is \$3500.00 and we feel that if every person (or even every family) in Knott County would give one dollar (\$1.00) that we can easily reach that. Of course, the more we raise ourselves, the better building we will have.

Following are some of the community activities and donors that have contributed to the drive in a fine way, in addition to the personal donations: Sassafras School, Hindman Home-makers (under the direction of Miss Edith Orick), Mallie community and School; Neely School and community; Topmost Community (under leadership of Mrs. Leslie L. Smith); Hindman Cheer Leaders—Hindman-Carr Creek tournament game (Thanks to Morton Combs, Carr Creek School Principal and hostess of the tournament, Miss Edith Orick, Cheer Leader Director, and Mrs. Raymond McLain, Chairman of the Red Cross drive); Mousie Community (led by Irma Campbell, Chairman of Community drive) and Mousie School; M. D. Slone School, Salisbury School (This School had a box supper and made a nice sum); Carr Creek School (This school had class tournaments with a small charge and Home-Room activities). The students alone, gave \$38.33, Knott County Fair (Thanks to the Ducking Machine).

One outstanding contribution that we'd like to recognize is that of Mrs. L. C. Young of Mousie who donated two quilts that she had made with her own hands to the drive—one to the Hindman Homemaker's Club and the other to the Mousie Community. Chances were sold on the quilt and brought the nice sum of \$127.50.

Out-of-county contributors: K. J. Day, Pikeville, Inland Steel, Ky., W. Va. Gas Co., Dixon's Distribution Co. Ind., Explosives, Dean E. Lucas, Akron, Ohio.

TRUTH-AD FOR THE UNCHURCHED

BY WINN T. BARR

Baptists take the position that our dictionaries are correct in the usage of words. Look up the word "baptism" and see what it says! Mine says it is, "the application of water to a person as a religious ceremony by which he is initiated into the visible church of Christ." As it stands, that is true. That is the way the word is used by human beings. Indeed, my dictionary explains that the root meaning of the word is to "dip." Yes, Baptists accept the dictionary.

My unchurched friend, don't ever throw out the dictionary. If you do, you can't understand or tell anything. In fact, I advise you to read the dictionary definitions of: God, Trinity, Christ, Incarnation, redemption, atonement, repentance, faith, conversion, justification, regeneration, and sanctification. The Bible has so permeated our culture that anybody in America can find the Gospel in the dictionary.

But the New Testament was originally written in Greek, and the Greek reveals a few details not observable in the English translation. In the much discussed Acts 2:38 the Greek shows that "repent" and "baptized" are not coordinate and are not both related to "for." Repent is in the plural from (you all repent), but baptized is singular (let each one be baptized). The change in both person and number marks a break in thought between repentance and baptism. The word "repent" is not related to the phrase "for the remission of sins" the way "baptized" is.

The word translated "for" in Acts 2:38 is "eis" in Greek, and can be variously translated for, (in order to, or because of), into, to, and unto. The only way to determine the meaning in a given case is to find the one that fits the surrounding passage. In Acts 2:38 the meaning "because of" fits with the rest of the Bible. Being baptized for remission is just like being decorated for bravery: the bravery precedes the decoration, and the remission precedes baptism. "Eis" is even translated "at" in Matt. 12:41. They repented because of the preaching of Jonah. It would be ridiculous to say they repented in order to the preaching of Jonah! So, "eis" can be used in the sense of "because of."

The good NEWS belongs in the NEWSpaper, but LOOK in the BOOK it comes from, and SEARCH for the CHURCH that obeys that book most fully.

Look for a TRUTH-AD every Thursday.

Mr. and Mrs. Claude Frady are spending the weekend in Louisville.

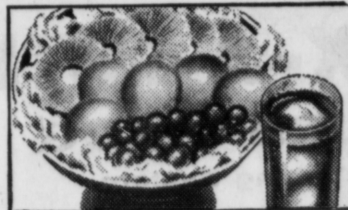

With COKE and these
quick-fix foods
you're ready to give

a Party from your Pantry!

See the display at your grocer's now

A well-stocked pantry is a good wife's pride and joy. From it she can produce a family meal... a company dish... a midnight treat. So, stock up on these "come-in-hand" foods. You'll find all kinds of interesting foods at your grocer's from which you can whip up impromptu meals. Pile your shopping basket high, and lay in plenty of Coke—your best friend on so many occasions. Coke will welcome guests... brighten meals... brighten you when you want refreshment.

FRUIT SALAD LUNCHEON. Chill canned fruits. For a "dressing" stir whipped evaporated milk into mayonnaise, add diced maraschino cherries and slivered almonds. Serve hot muffins and ice-cold Coca-Cola. You show your own good taste in serving Coke—favorite of the world.

GLAZED HAM AND YAMS. Spread canned ham with orange marmalade, stud with cloves, bake until glazed. Put canned yams in same pan, baste with drippings. With this "thirsty" dish you'll want ice-cold Coca-Cola. Coke has the clean sparkling taste that livens up every bite of food!

Serious Job Lack In State Is Shown As Nothing New

Nine Labor Surplus Areas Hold 25 Pct. Of Population

By ROBERT P. CLARK

Washington, April 6.—A recently released "fact sheet" on Kentucky shows that serious unemployment in several parts of the state is nothing new.

Nine "urban labor-market areas" of Kentucky have had well over 6 per cent unemployment for at least four years, the study shows.

The nine areas—six of them in Eastern Kentucky—contain 25 per cent of Kentucky's people. Public-assistance payments in these nine sections have been 35 to 38 per cent of the State's total in every year since 1953.

Three counties in the chronic labor-surplus areas—Pike, Knox and Perry—had 86 per cent of schools with outside toilets in 1956.

Most Houses Substandard

In one county, Knott, 93 per cent of the houses have been labeled substandard by the Kentucky Department of Economic Development. Other areas have figures of 20 to 50 per cent.

Lack of job opportunity in the nine labor-surplus areas has forced substantial migration elsewhere for work, the study says. In the five years ended June 30, 1955, a total of 163,514 residents moved away.

Lack of industrial development and a marked decline in coal-mining jobs have been powerful contributors to such conditions, the report goes on.

Mine Jobs Cut In Half

Employment in Kentucky coal mines alone has been cut almost exactly in half since 1948—from 62,600 jobs then to 31,600 last year.

These facts are included in a 17-page study by a group known as the Area Employment Expansion Committee, with headquarters in New York.

The nine Kentucky areas labeled chronically labor surplus: Corbin, Frankfort, Hazard, Madisonville, Middlesboro-Harlan, Morehead-Grayson, Owensboro, Paintsville-Prestonsburg, and Pikeville-Williamson, W. Va.

The committee is financed mainly by labor—originally by the old C.I.O., and now by the combined A.F.L.-C.I.O.

Points Np Need for Aid

Its chairman is Prentiss M. Brown, former senator from Michigan and former Office of Price Administration director. Its research director is Solomon Barkin, who holds the same title with the Textile Workers Union of America, A.F.L.-C.I.O.

The aim of the study, and of others like it for other sections of the country, is to point up the need for federal help and development in economically distressed areas.

Specifically, the A.E.E.C. hopes for passage of a distressed-areas bill placed before Congress last year by Senator Douglas, (D., Ill.).

Somewhat similar bills have been introduced in the House by Kentucky Democrats Brent Spence, Fort Thomas, and Carl D. Perkins, Hindman.

Failed To Get to House

The Douglas bill passed the Senate in 1957, but did not get before the House for a vote. It is expected to come up again this year, perhaps after hearings on unemployment, which will be

started April 14 by the House Banking and Currency Committee chairman.

An area-redevelopment administration would be created under the Douglas proposal. This agency would have a \$275,000,000 loan fund for new factories, public facilities, technical aid, and rural-improvement programs.

In its report on Kentucky's distressed areas, the Area Employment Expansion Committee said all nine have been labeled "substantial labor surplus" by the Labor Department since at least as far back as 1954.

Urban Market Defined

(Urban labor-market areas are those with a labor force of at least 15,000, or nonagricultural employment of at least 8,000.)

Unemployment rates in 1954 ran as high as 32.3 per cent in Pikeville-Williamson, while the nine-area average was 18.7.

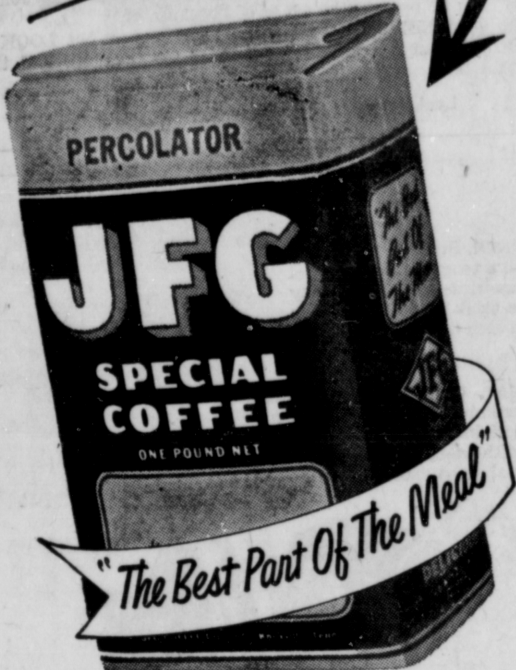

Last year, Morehead-Grayson was high, with 13.9 per cent. The nine-area average was 10.7. A state-wide figure was not available.

Figures in the report show that unemployment grew less in all but one of the nine areas (Frankfort) between 1954 and 1957. But undoubtedly the 1958 figure, not given, would reverse this curve. The state had 12.5 per cent of job-insured workers unemployed in mid-March, 1958.

Average percentage of unemployment for each area in 1954 and 1957 were:

Corbin, 15.9 and 12.2; Frankfort, 7.6 and 8.7; Hazard, 20.6 and 9.6; Madisonville, 15.2 and 9.6; Middlesboro-Harlan, 15.9 and 12.0; Morehead-Grayson, 22.9 and 13.9; Owensboro, 12.4 and 7.4; Paintsville-Prestonsburg, 20.6 and 10.5; Pikeville-Williamson, 32.2 and 12.3.

New Lasting PROTECTION AGAINST TERMITES AND MANY HOUSEHOLD PESTS

NIX-A-MITE TURB-O-FOG Tubing System

Saves Money—Eliminates Worry!

Now, with the turn of a knob, you can maintain continuing protection from termites and many household pests with a NIX-A-MITE Turb-O-Fog tubing system. This is a system made up of lifetime perforated tubing installed below the floor joists in the understructure of your home and within the outer walls. Just turn the knob, and highly toxic insecticides are forced through this network of tubing under pressures up to 1000 pounds per square inch. Applying this high pressure for only 90 seconds creates a turbulent foggy vapor that blankets the entire vulnerable area, leaving crystals which are lasting and deadly to insects. Supplemental treatments, as needed, will provide control of many household pests, including roaches, ants, waterbugs, silverfish, crickets and larvae of mosquitos and flies.

BUILT-IN GUARDIAN OF YOUR HOME

A NIX-A-MITE Turb-O-Fog tubing system can be easily and quickly installed in any home, old or new—and it provides continuing protection. Once installed, it becomes as much a part of your home as the plumbing and is as easily operated.

NIX-A-MITE Turb-O-Fog tubing system is "built-in" for keeps—a permanent guardian of your home and investment.

Play Given By Dilce Combs Club

Donald Bentley
On April 28-29 a three act comedy play was given by the Dilce Combs 4-H Club. The name of the play was "Aaron Slick From Pumpkin Creek." It was given so that the club could raise money to give to the building of the state 4-H Club Camp at Levi Jackson State Park. All total there was \$95 which was taken in on the ticket sale to be turned over to the camp in the name of the club.

Participating in the play were the following 4-H members: Nancy Reynolds, Jackie Goodson, Joyce Combs, Donald Dean Campbell, Donald Beatty, Paul Hall, Cleta Combs, Phyllis Perkins, Betty Taulbee, Junior Jones, and William Evans. A great job of performing was turned in by these students, but they had rather think that the credit of success be given to their leader, Mrs. Vernon Miniard, who worked very hard in getting the play ready for performance.

Now!
An action undershirt
for sport shirt wearers...
the Munsingwear.
V-neck Torso T!

Here's the most comfortable T-Shirt made. For sportin' men who wear open collars, its low, Nylon reinforced V-Neck evenly matches the cut of your sport shirts. This undershirt doesn't play peek-a-boo! The Nylon-reinforced arm bands are designed so there's no bunching or crawling at the shoulders. Your arms swing free. And because Munsingwear's V-Neck Torso T is guaranteed to hold its shape washing after washing, it *always* fits better!
Sizes 34-46. \$150

Airman Spends Easter Here

Miss Ena Joyce Eversole, of Cincinnati, Ohio, James Eversole, of Wright Patterson Air Force Base, Dayton, Ohio and Mrs. Bige Shepherd Jr., of Hyden, spent the Easter Holidays with their parents, Mr. and Mrs. Irvin Eversole.

Kiwanis See Easter Play

An Easter Play entitled "The Other Cross" was presented before the Kiwanis Club Tuesday evening, April 1st at the weekly meeting by a group of children from the Open Door Children's Home.

Mr. and Mrs. J. L. Ragsdale, Miss Heltank, and thirteen children from the Open Door were guests of the Kiwanis Club and presented the above play with other numbers as follows: Entire Children's group sang "How Great Thou Art" and "Blessed Redeemer." Josephine Hamblin sang "The Lord Is My Shepherd." Mr. I. A. Bowles was program chairman.

M. H. Alcorn, Jr., chairman of "Support of Churches," committee explained the "Green Candle of Hope Program" adopted by the Kiwanis Clubs everywhere, in which a green candle is lighted by Kiwanians on Eastern Morn and a prayer offered for the oppressed peoples of the world. The custom is becoming widespread and everyone is invited and urged to take part.

L'WOOD LOCALS

\$750 Raised For Gym Seats

C. R. Mooney
Mr. Bingham Brashear reports that over one hundred plates were served at the fund raising dinner March 29th and that \$750.00 was taken in and donations are still coming in. Those of you who haven't yet given toward the gym in any way you are urged to do so.

The seats are on order now, and should be in very soon.

My next door neighbor, Mr. Dave King, was in the recent lay off at Jewell Ridge Coal Co. He has already moved back to his farm near Monticello.

Mr. and Mrs. John Watkins and family, of Salem, Va. were recently visiting with friends and relatives in Slemp. Mr. Watkins recently recovered from a severe heart attack. He is now rather active and is continuing on with his work.

Mrs. Carl Richie and sons, Ricky and Randy visited her parents, Mr. and Mrs. Ralph Miniard of Hazard. Also visiting the Miniards were Mrs. Grace Richie of Hardburly and Mr. and Mrs. James B. Miniard and daughters, Becky and Jayne of Lexington.

Mr. Glenn Johnson is confined at Mt. Mary Hospital with a broken ankle.

Mr. and Mrs. Van Johnson of Virginia, visited Mr. and Mrs. Glenn Johnson and other friends and relatives over the weekend.

Mrs. Grace McAlarnis, who has been visiting her daughter, Mrs. Joseph Castagnaro, has returned to her home in Narrows, Va.

Mr. and Mrs. Irvin Johnson and Mr. and Mrs. Lawrence Edwards have returned to their homes in Indiana and Ohio after spending the weekend with Mr. and Mrs. John Johnson and Mr. and Mrs. Robert Johnson.

Funds Still Available For Knott County

Funds for the Soil Bank's 1958 Conservation Reserve available in Knott County to cover additional farmer-participation, Daniel Cornett, Chairman, Knott County Agricultural Stabilization and Conservation Committee, declared today. He reminded farmers that applications to participate in the program must be filed in the County ASC Office by April 15, the deadline for sign up under the 1958 Conservation Reserve Program.

The Conservation Reserve is the long-range part of the Soil Bank, under which farmers may sign contracts to divert general cropland from the production of crops to soil- and water-conservation uses, tree planting, and wildlife protection for periods of 5, 10 or 15 years. Payments up to 80 percent of the cost of establishing a conservation practice may be made to participants under the 5- and 10 year contracts. All participants who comply with provisions of the program receive annual per-

acre payments on the "reserved" land for the duration of their contracts.

DUNRAVEN

Miss McIntosh Wins Easter Prize

After Sunday School on Easter Sunday the children of the community school had a Easter Egg Hunt.

The school gave three prizes. The first prize went to Miss Mattie McIntosh who found the lucky egg. The second prize went to James Collins who found the most eggs. The third prize went to Bobbie Collins who found the second highest number of eggs.

Miss Lowery from Krypton, gave every one some candy. All of the children had a good time. No farming has been started yet because of the bad weather.

Record Year Seen In County For Tree Planting Program

There is more idle land being put into productive use this year in Perry County than any previous year.

GRAND VUE DRIVE-IN

Thursday & Friday
APRIL 10 & 11

PLUS

Saturday
APRIL 12

ALSO

Sun. & Mon.
APRIL 13 & 14

There is more idle land being put into productive use this year in Perry County than any previous year. Perry County farmers, cooperating with all the agricultural agencies, are planning to plant more trees this spring than any other year. Orders to date amount to more than 700,000 seedlings.

Walter Green, District Forester, has announced that he would like to have all orders in not later than the end of this week for the 1958 planting season.

Approximately 400,000 trees have been delivered to farmers and most of these have already been planted. The remaining orders will probably be delivered within the next week.

Dennis Stacy, Ary, and Columbus Stacy, Ary, cooperating with the Perry County SCD, are planning to establish some permanent pasture this spring. Nick Campbell, Dice, completed planting 1 acre trees and 6 acres pasture last week.

Magistrates Vote Salary Of \$200

Continued from Page 1

Speaking for the magistrates, Babe Noplis said the money for their salaries could be provided by eliminating "fringes" from the upcoming 1958-59 budget.

Full Amount

Noplis said the demands of the office make it imperative that magistrates receive the full amount.

Prior to the vote, Judge Smith pleaded for the magistrates to set salaries in "accordance with the work load."

Judge Smith said: "I feel that you all ought to get together to discuss it. In the Hazard district (Noplis' 4th Magisterial District) a magistrate could pay his way. In our rural districts, it is unlikely that many magistrates will turn in amounts equal to their salaries."

Judge Smith said that if the salaries are voted "we won't be able to do anything for the people."

Noplis pointed out that his district has about 60 percent of the Perry County population.

Most of Tuesday's meeting was given over to a discussion of the county's fiscal problems.

Federal Offer

Judge Smith told the court that the Office of Civil Defense had offered the county approximately \$23,000 as final payment on flood disaster funds. The county is claiming around \$91,000. (See story elsewhere).

He said:

"Our burden is too great unless we get full settlement from the Civil Defense. We have over \$47,000 to banks, have over \$19,000 in back claims against us, and now have an additional salary of \$19,200. March salaries haven't been paid."

The court voted to borrow the \$50,000 to pay salaries, back debts and to apply toward operating expenses.

Virtually all of the debts were carried over from last year.

Settlement Required

Members of the court, on motion by Noplis, went on record as requiring annual settlements after County Attorney C. A. Noble told the court the financial settlements are required annually under law.

The settlement for last year were due Mar. 1. Up until County Clerk Jessie Horn presented hers to the court this week none had been filed here.

In other business, the court authorized the recall of \$35,000 in 1943 road and bridge bonds, leaving \$21,000 in this issue outstanding.

Members voted Wooten into office on a secret ballot, giving him the treasury post over Farmer Johnson, former Perry County tax commissioner, by a 5-3 majority. Johnson was nominated by Buster Begley, with Fess Halcomb seconding; Wooten by Thomas with a second by Noplis.

Appointed the third member of the budget commission on nomination by Noplis was Joe Duncan, Hazard. Other members are Judge Smith and County Attorney Noble. Appointed commodity clerk was Bertha Sturdivant. She was nominated by Thomas.

Bulan To Get New Post Office

The Post Office Department this week in a telegram from Washington announced plans for a new "privately-owned" post office building at Bulan. Other details were not available.

Combs Labels Chandler Administration Most "Callous, Cynical" In History

The administration of Gov. A. B. Chandler was last week labeled the "most callous, cynical state administration" in modern history by Bert Combs, Floyd County Democrat who was defeated by Chandler in the 1955 primaries.

Combs spoke here before approximately 50 persons attending a dinner meeting of the Perry County Democratic Women's Club at the V.F.W.

Combs cast his name into the 1959 primary, saying: "I would not be honest with you or with myself if I didn't admit I would like to carry the banner myself."

He added, however, that if not given the nomination, he would line-up with the anti-Chandler faction of the party, and urged all Democrats to do the same.

He commented: "But whether I carry the banner or not, I have enlisted in the cause and I intend to serve in that cause in such capacity as I can be most useful until the philosophy of greed and hypocrisy and favoritism has been eradicated from our State government."

Combs said the only "major blank in the Chandler platform of 1955 that I can recall that he has, in good faith, tried to keep is his promise to protect the horse bettors at Keeneland race track. He was not able to keep that promise because the people rose up in their wrath" to prevent it. Combs said the "Governor was in there trying," however, and "the horse bettors should give him 'A' for effort."

Combs attack the Governor for "saddling" the people with \$20,000,000 in new taxes after "promising" during the campaign that he could run the "State as usual and at the same time fully finance the foundation program for schools, all without new taxes."

"After willfully breaking his

promise not to levy additional taxes, the Governor now brags about the fact that the last Legislature reduced the Chandler imposed tax increase from about \$20,000,000 to about \$18,000,000," Combs continued.

REPORTERS: Miss Leyburn Cody, night phone Oak 1147; Mrs. Anna Mae Moore, Main 69; and Mrs. Bess W. Draughn, Main 45.

PERSONALS

Mrs. Finley Cisco has returned to her home in Lexington after spending the weekend with her son, Robert D. Cisco and family.

Mr. Earl G. Robbins, General Agent for the Mutual Benefit Life Insurance Company of Lexington, is a business visitor in Hazard.

Mayor Douglas C. Combs, City Manager Robert Wootton and Commissioner C. C. Colwell were in Louisville Tuesday where they attended the Awards Luncheon of the Kentucky Chamber of Commerce.

Mrs. Bonnie C. Turner, of Long Beach, Cal., is visiting in Hazard. Mrs. Turner is a former resident of Hazard and moved to California, last year.

Mrs. Jonah M. Daniel, of Lexington, is visiting friends and relatives this week.

Mrs. Emmett Suttles, Mrs. Lillian Suttles and Mrs. Josephine Hoskins, of Blue Diamond, were in Louisville, Monday, Tuesday and Wednesday. Mrs. Suttles and Mrs. Hoskins took the State Board Examination for Beauticians.

Mr. and Mrs. Dale Creech and daughter, Deborah, of Winchester, are the guests of his parents, Mr. and Mrs. O. J. Creech.

Mrs. George Beuris, Mr. and Mrs. O. J. West will leave Friday to spend the weekend with Mrs. West's son, Mr. Bill Buckner and family. Mrs. Beuris will remain for a longer visit.

Mrs. Roscoe Davis is greatly improved after undergoing surgery at the Davies County Hospital in Owensboro.

Mrs. James H. Bailey left Friday for Lexington to visit her husband who is a patient in the Good Samaritan Hospital.

Mrs. Fred W. Caudill and daughter, Linda, of Louisville, is the guest of her sister, Mrs. Duard Hancock.

Mr. George W. Combs is a patient in the Good Samaritan Hospital in Lexington.

Mrs. J. D. Marsee spent Monday and Tuesday in Lexington where she was the guest of her sister, Mrs. Betsy Smith and her niece, Mrs. Russell Corbett and Mr. Corbett.

Miss Katherine Johnson is the guest of her parents, Mr. and Mrs. Tom Johnson.

Mr. and Mrs. Green Chandler of Dayton, Ohio, visited relatives in Buckhorn over the weekend.

D. of A. To Hold Program At VFW

The Deputy Association, District No. 10, Daughters of America, will have their annual State Convention Entertainment at the V. F. W. club at 6:30 p.m., tomorrow night.

All local deputies and members are urged to attend.

Miss Inman Weds To Mr. Prater

Miss Betty Lou Inman, daughter of Mrs. William Inman and the late Mr. Paul Prater, son of Mr. and Mrs. D. P. Prater, Hindman, were married Thursday evening at 7:30 p.m. in the Hindman Methodist Church by Rev. Osborne.

The bride was Miss Carolyn Osborne.

The bride wore a blue lace dress with white accessories and had a corsage of red roses.

Mrs. Prater attended the Hindman High School and Mr. Prater recently returned from over sea duty in the Army and is now attending College at the University of Kentucky.

After the wedding they left for a tour of Kentucky on their honeymoon.

Fires Burn 1,100 Homes

Forest fires in Kentucky annually burn enough sawtimber to build 1,100 five-room homes.

Truck-Coal Firms Form Association

By GERALD GRIFFIN

Middlesboro, Ky., April 6.—A new organization with particular appeal to truck coalmine operators and planned to be nationwide in scope has been set up here by Charles D. Richards, Middlesboro. It is the National Association of Independent Coal Operators.

The purpose of the association, as set out in its constitution, is:

"To do all things necessary, proper, beneficial and desirable to promote the welfare, efficiency, prosperity and general good of the independent coal-mining industry in the United States of America, including the sponsoring of desirable legislation and the opposing of legislation which is considered to be against the best interests of the membership of this association."

Dues are \$25 to \$100 A Year

Membership dues range from \$25 to \$100 a year, based on the number of employees.

The new association, Richards said, "is a result of the vital need of a nationwide association to represent the coal operators who are caught in the present efforts to squeeze small operators out of Government markets and out of business completely."

The association, he said, does not ask its members for authority to negotiate wage contracts.

"It is our belief," he continued, "that there cannot be a fair wage scale set for any section of the United States on a state-wide basis or even on a county level. This is especially true within the truckmining section of coal business."

Factors Are Outlined

"The factors that make fair wage scales impossible are: quality of the seam being mined, seam thickness, roof and bottom conditions, quality of the labor employed, and the distance between mine and point of consumption, and freight rates."

Richards said that the association urges operators to pay fair wages, "but we do not believe that all operators can pay the same wage scale and survive."

Richards recalled that, during the 1956 convention of the United Mine Workers of America at Cincinnati, U.M.W. President John L. Lewis expressed himself as favoring the industry trend toward a few big operating companies.

"We do not believe," Richards said, "that there are 10 coal-mining companies in Kentucky who are eligible for membership in that group unless they sell out."

Experience Is Cited

"We have found," he added, "that the few state associations are not of a size for effectively opposing, or supporting, legislation on a national level. Nor can small associations get proper consideration during public hearings such as the present one for minimum wage determination."

The new association, Richards said, will oppose three bills re-

cently introduced in Congress.

These bills would repeal a section of the present law that exempts mines employing 14 men or less from federal inspection.

The portion of the Federal Coal Mine Safety Act, which these bills seek to amend, reads as follows: "This shall not apply to any mine in which no more than 14 individuals are regularly employed underground."

"That paragraph," Richards said, "is the only protection the small mines have had under the Federal Coal Safety Act. It is the general feeling among operators of truck-coal mines that small mines will be put out of business if this exemption is removed."

'Would Mean Ruin'

"The idea of compelling a little coal operator rigidly to comply with the same safety provisions as the large rail mines is preposterous and would mean ruin for thousands who are trying to make a living."

There cannot be, he said, a uniform safety code that is really applicable to all coal mines, and "a safety code, if it is to be fair to all concerned, must be flexible. Those administering such a mine-safety code should be thoroughly acquainted with the coal seams and local conditions. We feel that our State mine inspectors are the logical ones to render this service."

"All the coal operators with whom I have talked," he declared, "feel that they will be put out of business if the United States Bureau of Mines gains police power over all mines regardless of the number of employees."

Names Are Confidential

Richards said that the association would fight the minimum-wage determination for bituminous and lignite coal mines. (All Kentucky coal is bituminous.)

In the association's constitution, it is pointed out that, "the names of members of his association shall be held on a confidential basis and shall not be disclosed unless such information is required to be given under subpoena or other due process issued under the authority of law."

MT. MARY

April 5

Discharged: Norma Jean Ogden, Nashville, Tenn.; Charles Craft, Hindman; Charles Woods, Hyden; Fannie Herald, Combs; Teresa Asher, Hyden; Donald Edward Williams, Tilford; Joyce Stamper, Ulvah; Shirley Gilley and baby, Letcher; Elizabeth Martin, Rt. 1, Hazard; Sue Carol Watson, Leburn; Christine Woods, Viper; Ora Lee Howard and baby, Hyden.

B.P.W.C. Club Takes Third

Continued from Page 1

the speaker:

"After a major flood on Jan. 29, 1957, which caused \$25,000,000 damage, Hazard re-modeled store fronts along Main Street, erected new buildings, built new homes, paved two streets, purchased new fire truck, planted 278,000 trees, made long range program which included a sewage disposal plant, slum clearance, low income housing units, new roads and new buildings."

The award, Tuesday, was the second won by the community on its scrapbook. In March, the B. P. W. C. was presented a \$100 check in the Eastern Kentucky Development Contest.

In addition to Miss Cody, the city was represented at the banquet by Mayor Douglas C. Combs, City Manager Robert Wootton, Commissioner C. C. Colwell, Dewey Daniel, Gene Parker, Fred Bullard, Mrs. Beulah C. Cornett, chairman of the scrapbook committee, Mrs. Alma D. Knox and Mrs. Eliza Jane Shackelford.

Funeral Held For Blain Ison

Blain Ison, 48, of Cornettsville, died at 3 p.m., April 6 at his home with a heart attack. He was a retired miner and a member of the Old Regular Baptist Church.

He is survived by his wife, Mattie Ison and four sons, Wendell, Mommon, Junior and James Robert Ison all of Cornettsville; thirteen daughters, Mrs. Evelyn Poland, Mrs. Eula Mae Haddis, Mrs. Bertie Bills, all of Indianapolis, Ind.; Miss Ophie Ison, Miss Doris Ison,

Miss Dana Ison, Miss Geraldine Ison, Mr. Lizzie Callahan, Mrs. Vena Callahan, Mrs. Essie Holcomb, all of Cornettsville; Mrs. Judy Callahan, North Vernon, Ind.; Mrs. Vergie Stamper, Viper; Mrs. Hettie Smith, Banks.

Funeral was at 10 a.m., Tuesday the 8th at his home on Little Leatherwood with the Rev. Manus Ison and Rev. Jim Pratt officiating. Burial was in the Holcomb Cemetery.

The Brashear Funeral Home was in charge.

Does He Believe In Baptism?

By A. C. Grider

After arguing with me for months that "baptism is non-essential" and that "baptism is unnecessary" my Baptist friend now comes out and says, "I believe in baptism." But this is an attempt to deceive the people. I have convinced the honest readers that they should be baptized. Now he says he believes in baptism. But does he really believe in baptism? Mark 16:16 says he that believeth and is baptized SHALL be saved. Does he believe it? No, and he KNOWS he doesn't believe it. He believes that one is ALREADY saved and not that he SHALL BE like the Bible says.

But does he believe that baptism is FOR remission of sins, like the Bible says in Acts 2:38? He does NOT and he KNOWS he does not. Does he believe we should be baptized to WASH AWAY SINS, like the Bible says in Acts 22:16? No, and he KNOWS it. What about Gal. 3:27? It says we are baptized INTO Christ. Does he believe it? Absolutely NOT and he KNOWS it. Does he believe we are baptized INTO the DEATH of Christ Rom. 6:3. Why NO, he denies this verse as well as all the others that treat of baptism. 1 Cor. 12:13 says we are all baptized INTO the body of Christ. Does our Baptist friend believe that? NO, a thousand times NO. Peter said baptism SAVES us. 1 Pet. 3:21. Does he believe it? NO SIR.

The truth is he does NOT believe ONE WORD the Bible says about BAPTISM. He believes in BAPTIST baptism, not BIBLE baptism. There is a world of difference. Bible baptism puts one into the Body of Christ. Baptist baptism puts one into the aptis body. Bible baptism is for remission of sins. Baptist baptism is NOT for remission of sins. Bible baptism washes away sins. Baptist baptism puts one into Christ. Baptist baptism does NOT put one into Christ. Bible baptism saves. Baptist does NOT save.

There is not ONE WORD in the Bible about a Baptist Church or about Baptist baptism. One must go OUT of the Bible to find out how to become a Baptist. You can do EVERYTHING in the BIBLE and still NOT BE a Baptist. The Bible knows NOTHING about Baptists and the Baptists they teach. You go to this Baptist Preacher and tell him you believe EXACTLY what the Bible says in Mark 16:16; Acts 2:38; 22:16; Rom. 6:3-5; 1 Cor. 12:13; Gal. 3:27; Col. 2:12-13; and 1 Pet. 3:21 and he will have you voted OUT OF the Baptist Church. Friends, read your BIBLES and obey your Lord. Attend services at the Lothair Church of Christ and you will find people believing EXACTLY what the Bible says about these verses and all the other verses in the Bible.

Methodist To Hold Annual Meeting

LOUISVILLE, Ky., April 2 — Delegates from Methodist Churches in 60 Eastern and Central Kentucky counties are expected to attend the annual meeting of the Methodist Kentucky Conference Woman's Society of Christian Service, April 10-11, at Centenary Church, in Danville, Kentucky.

Featured speakers at the two day session will be the Rev. Dr. Tracey K. Jones, Jr., an executive secretary of the Division of World Missions, Board of Missions of The Methodist Church, and Miss Marguerite Twinn, Secretary of Missionary Personnel of the Division.

In addition, eighteen officers of the Conference Society are expected to report on the year's work. They are Mrs. J. V. Holbrook, Morehead, President; Miss Isabelle Jefferson, Crestwood, Vice President; Mrs. Lois Weaver, Lexington, Recording Secretary; Miss Minerva McDaniel, Cynthia, Treasurer; and Mrs. Roy C. Galloway, Jr., Frankfort; Mrs. W. B. Owsley, Morehead; Mrs. John B. Rose, Lexington; Mrs. J. Ward Rees, Millersburg; Mrs. Ruth Holbrook, Ashland; Miss Pauline Crain, Flemingsburg; Mrs. Vincent Hartje, Covington; Mrs. Mahlon Miller, Barbourville; Mrs. Herbert D. Fritze, Lexington; Mrs. C. R. Carrington, West Irvine; Mrs. George Robinson, Grayson; Mrs. C. F. McMeekin, Lexington; Mrs. Leslie M. Rogers, Catlettsburg, and Mrs. V. D. Roberts, Somerset.

Other program participants include Miss Susan Kreitzinger, a Methodist Deaconess, the seven District Superintendents in the Kentucky Conference, and the choirs from Sue Bennett and Union Colleges.

Cooper Terms New River Bill Of Great Importance To Kentucky

Senator John Sherman Cooper (R-Ky) said today that the rivers and harbors measure (Flood Control Act of 1958) cleared for the President's signature by the Senate vote of 52 to 11 Wednesday "could be of great importance to Kentucky."

Senator Cooper explained that in determining whether a particular river project is "economically feasible," the Corps of Engineers is now authorized to take into consideration only flood protection, navigation benefits and power development. The provision in the new measure authorizes the Corps of Engineers to provide storage capacity in reservoirs sufficient to maintain a flow of water downstream which can be used for general purposes—such as municipal water supplies, anti-pollution and sewage disposal, and even industrial water.

"The significant point," said Cooper, "is that the monetary benefits that can be calculated for these uses would, under the new measure, enter into the determination, by the Corps of Engineers as to whether a project is economically feasible—and can meet the cost-benefit ratio established by law, as required before any proposed project can be approved."

In response to questions by Senator Cooper during floor debate on the measure, Senator Robert S. Kerr, Chairman of the River and Harbors Subcommittee of the Public Works Committee, assured Senator Cooper that the effect of the new low-flow provision would be to make eligible for construction many river-development projects which could not be undertaken under the old formula.

Cooper said this change would be of great importance to Kentucky, "and is one of the reasons, among others, that I strongly supported the bill passed by the Congress. Congressman Natcher worked hard in support of the low-flow provision in the House of Representatives," Cooper pointed out.

Burglars Get \$2,478 In Cigarettes

Over \$2,478 in cigarettes and a truck were stolen from the Blue Diamond No. 2 commissary, Saturday night, Sheriff Paul Amis reported today.

The truck was found abandoned, Sunday afternoon, by Letcher County officials on Linefork. Amis said the thieves broke into the commissary through rear office door.

He said they failed in an effort to break open a safe, and hauled off the cigarettes in a truck. Approximately 36 cartons of cigarettes were stolen.

Roosevelt Riley has recovered from illness and has returned back to Morgans to work.

How to multiply your life insurance protection

at small extra cost!

By paying just a small additional premium on most New York Life policies, you can have them issued with the popular Family Income Feature.

Should you die within 20 years from the date your policy is issued, the monthly income of either \$10 or \$20 per \$1000 of the policy's face amount, depending on which one you have selected, would be paid to your family for the months and years of the period remaining. Then, the basic policy's face amount would be paid!

If you live, you stop paying the additional premium after the 20th year and still retain your basic life insurance. Contact me for details.

See the Ford Show on NBC-TV

Tennessee Ernie Ford tells you why

"FORD STATION WAGON LIVIN' IS THE LIFE!"

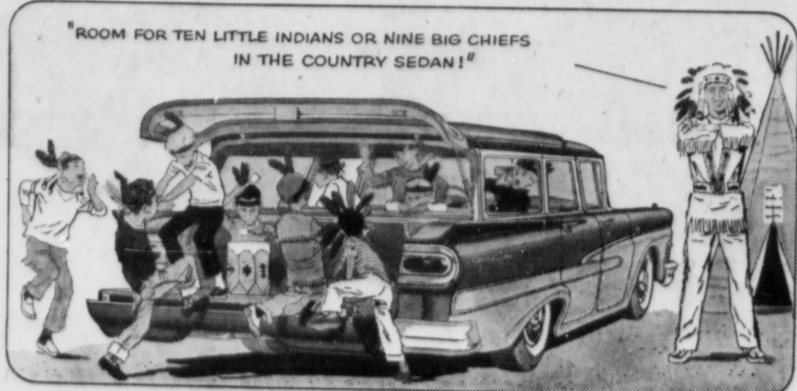

You can have Thunderbird Y-8 GO, up to 300 mighty horsepower, in any Ford wagon you choose. Or select the thrifty Mileage Maker Six.

Or make yours the 2-door Ranch Wagon. With all of its advanced styling it's still the lowest-priced* wagon you'll find in the low-price three.

To make an impressive arrival, choose the Del Rio Ranch Wagon. This 2-door wagon has a high-style air that will gather envious glances wherever you drive.

"THIS 4-DOOR RANCH WAGON HANDLES AS EASY AS A TENNESSEE WALKIN' HORSE...RIDES QUIET AS A SWEETHEART'S WHISPER!"

"ROOM FOR TEN LITTLE INDIANS OR NINE BIG CHIEFS IN THE COUNTRY SEDAN!"

Nine fit fine into this handsome 4-door wagon. And its equally big brother, the Country Squire, features mahogany-like side paneling... a Ford styling exclusive!

There's nearly nine feet of level floor space in the 6-passenger Country Sedan. And its wrap-around liftgate operates with one hand!

Ford sets the pace in wagon styling... outsells its nearest competitor nearly 50%. And Ford wagons are the lowest priced* of the low-price three.

*Based on comparison of manufacturers' suggested retail delivered prices

Clergy Eligible For Social Security

Clergymen can still elect social security coverage as self-employed persons under the old-age, survivors, and disability insurance provisions of the Social Security Act. The 1957 Amendments to the law gives those clergymen who did not file waiver certificates before April 15, 1957, an extended period of two years (in general, through April 15, 1959) to elect coverage, according to Mrs. Alma D. Knox, Manager of the Hazard Social Security Office.

Clergymen who file waiver certificates during the extended period will be mandatorily covered for 1956 and subsequent years for which they have net earnings from self-employment of \$400 or more. In addition, any minister who filed a waiver before August 31, 1957, but who filed it too late to secure

Army Promotes Dwarf Soldier

(AHTNC)—Alex L. Cox, 22, son of Mr. and Mrs. Samuel W. Cox, Dwarf, recently was promoted to sergeant in Germany where he is a member of the 8th Infantry Division.

Sergeant Cox, a fire team leader in Company C of the division's 13th Infantry, entered the Army in January 1956 and arrived overseas the following September.

COUNTY AGENTS' MEMOS

4-H Spring Rally To Be April 9

Paul Keen, Perry County Agricultural Agent
John Caudill, Associate Agricultural Agent

The annual 4-H Club Spring Rally Day program will be held at the Bowman Memorial Methodist Church, Hazard, Wednesday, April 9.

Special features of the program are the style show by girls, public speaking for boys and girls, individual demonstrations by boys and girls, team demonstrations, tag on feed bag, and How Kentucky Seed Law Works for boys. More than 300 4-H'ers are expected to participate.

Girls are requested to bring dresses and other sewing project material to the church on Tuesday before 2:00 p.m. so the sewing projects can be judged.

Judges for the event are Mrs. R. E. Cunningham, 4-H Advisory Council Member; Mrs. Patricia Farmer Huff, Home Economist with the Kentucky Power Co.; Roberta Halcomb and Robert H. Fike, Letcher County Extension Agents; and Janice Taylor, Breathitt County Home Demonstration Agent.

Champions in various contests will compete for district honors at Quicksand on May 10.

Garden Tips for April

1. Set cabbage, cauliflower, broccoli, kale, lettuce, and

the outside foundations of houses which have full basements. These trenches should be close to the outside foundation wall.

After all dirt is removed, treat the trench bottom with one of the recommended poisons. Fill in six inches of dirt and repeat the poison application. Repeat this until the trench is filled, treating for every six-inch layer of earth.

Apply the poisons around supports under the house, and to the soil generally under the house, if there is a partial basement or no basement.

Watch the filled-in, porch-type construction, where there is a concrete slab cover. It may be necessary to drill 3/8-inch holes, vertically in these slabs, so poison can be poured down them to get around foundations under the slab. The holes should be six inches away from the house and 18 inches apart. About a gallon of insecticide per hole is administered.

Recommended poisons are Dieldrin emulsion concentrate at the rate of one gallon in 60 gallons of water; chlordane emulsion concentrate (75 percent) at the rate of one gallon in 50 gallons of water, or sodium arsenite, one pound of powder in one gallon of water.

Carrollton

Carrollton, stretching along the Ohio River bank, is a quiet old town of tree-shaded streets and old houses of considerable charm. The town was incorporated in 1794 under the name of Port William and in 1838 it was renamed in honor of Charles Carroll of Carrollton, Md., signer of the Declaration of Independence.

At last! Seamless stockings that really fit!

These Modern Grandparents
Know How To Get The Most Out Of Life ...

THEY ARE LIVING BETTER ELECTRICALLY!

Mr. and Mrs. M. B. Montgomery are progressive-minded grandparents. They live in a new ranch home abundantly equipped with electrical appliances ... all of which help them "keep up with the rapid pace of modern times."

Mr. Montgomery a businessman, says:

"Our electrical appliances are a necessity as time and work savers ... worth every dollar we spend for electric service. Mrs. Montgomery keeps this house spotless with minimum time and effort, and our appliances let us spend more time together and on outside interests. The way I see it, we enjoy better health and are happier due to electric living."

Mrs. Montgomery says:

"Because I get all the help I need from our electrical appliances, I don't have to call on my husband to do this job and that one. I don't even dread wash days anymore, for I can wash, dry and iron a week's laundry in less than two hours. But my favorite is our electric range. It's a real time-saver, and everything I cook or bake comes out exactly as I want it to ... and electric cooking is so safe and clean!"

Modern Families Everywhere
